

FIRE & SECURITY MATTERS AWARDS 2021

ENTRY CRITERIA SECURITY PROJECT OF THE YEAR

This category is designed to recognise a project, which has delivered significant improvement(s) to security in relation to people and/or premises.

The project must have been launched no earlier than 1 January 2020.

Any personal accomplishments prior to this date are not relevant and will not be eligible for entry.

Key tips for your entry

1. Keep information simple

Please keep your sentences short and easy to understand. Not all of the judges are technical experts so please don't assume they will know acronyms or technical lingo. Simply submit your text in language that is clear, precise and simplistically highlights the merits for its submission.

2. Adhere to time period We will disqualify any entry that nominates a project that has made a direct impact on your business or partner organisation, in relation to security post 1 January 2020.

3. You do not have to be a Fire Industry Association member or a client of Western Business Media to be eligible to enter the awards.

4 Provide detail about the performance of the individual

The judges need to know details on how the individual has made a positive impact within an organisation or partner organisation. Please provide verifiable evidence that their contribution has directly resulted in significant improvements to security of persons or premises.

5. Legal proceedings If your company has been subject to any prosecution in relation to security legislation since 1 January 2020, or has been subject to any enforcement notices, then your entry will automatically be disqualified.

The following entry questions are to be used for Security Project of the Year category below:

Project Name

Project Website

Project Description (max 50 words)

Project Launch Date

Q1. In no more than 250 words, please provide details what were the aim(s) of the project.

Q2. In no more than 250 words, please tell us how you implemented the project and include details on any partners or key stakeholders.

Q3. In no more than 250 words, please detail the results of the project including evidence of any measurable improvement to security of individuals or premises.
